CAREER OBJECTIVE

Results-driven Computer Science Engineering fresher skilled in Core Java, SQL, Spring Boot, React.js, and MySQL, seeking an entry-level Software/Full Stack Developer role to build scalable, efficient, and user-focused applications.

EDUCATION

B.Tech in Computer Science Engineering **2022-2026**
Rajiv Gandhi College of Engineering Research and Technology, Chandrapur

Higher Secondary Certificate (HSC) **2021-2022**
Nehru Junior College, Chandrapur

Secondary School Certificate (SSC) **2019-2020**
St. Francis TSK High School, Chandrapur

KEY SKILLS

Programming & Querying: Core Java, JavaScript, SQL
Frontend: HTML5, CSS3, Bootstrap, React.js
Backend & Database: Spring Boot, REST APIs, MySQL
Development: CRUD Operations, Responsive Web Design, Form Validation, DOM Manipulation
Tools: Eclipse, VS Code, MySQL Workbench, Git, GitHub
Soft Skills: Problem Solving, Team Collaboration, Communication, Adaptability

ACADEMIC PROJECTS

Coffee Website | HTML5, CSS3, Bootstrap | GitHub

- Designed and developed a responsive coffee website with structured sections, intuitive navigation, and a user-friendly interface.
- Leveraged Bootstrap and reusable frontend components to ensure consistent usability across desktop, tablet, and mobile screens.

AI Powered Legal Case and Government Management System | HTML5, CSS3, JavaScript

- Developed a web-based system to streamline legal case and government record management through structured digital data handling.
- Designed responsive interfaces to improve case accessibility, simplify record management, and reduce manual effort.

SponsorSync - Event Sponsorship Management System | React.js, JavaScript, REST APIs | GitHub

- Engineered a responsive React.js application for managing event and sponsorship information with reusable components.
- Implemented CRUD operations, search, filtering, and REST API integration for dynamic and efficient data management.

INTERNSHIPS & TRAININGS

Front-End Development Intern | Front End Technologies | April 2025

- Developed responsive interfaces using HTML5, CSS3, and JavaScript, applying semantic structure, forms, layouts, and modern styling.

Web Development Internship Training | May 2023-June 2023

- Completed 6-week practical training in programming and web development; built web pages and implemented JavaScript interactivity.

CERTIFICATIONS

- Front End Technologies Certificate (2025) - 30-hour certified course in HTML5, CSS3, JavaScript, and responsive web design.
- Web Development Internship Training (2023) - 6-week, 90-hour practical web development training.
- AWS Hands-on Workshop (2023) - 2-day workshop on AWS cloud fundamentals and basic solution architecture.
